Guest Speaker: Joanne Stewart

Creative Approaches to Memoirs

If your memories are not recorded or shared, they can be lost in one generation. Joanne's presentation will show us creative approaches to recording your memoirs. Come prepared to write a short entry and take notes in your journal. Bring a copy of any picture that invokes a memory. The following techniques will be explored:

- Three word memory joggers
- Group poetry
- Trigger questions
- Words that describe you
- Image to memory
- Unique experiences
- How to create a habit of memory writing

Joanne Stewart graduated with a Bachelors of Education degree from the University of Alberta and a Master of Arts Degree in Psychology, with a specialization in Expressive Arts Therapy from John F. Kennedy University. She has facilitated several workshops and her current focus is to help people record their memoirs before the gift of their stories is lost or forgotten.
